Frost Lindworm

How can ice crack across a frozen lake?

1 Denim
2 Lilac
3 Ivory
4 Parchment
5 Periwinkle
6 Pine
7 Ice
8 Sky
9 Lagoon

Did you know? A lake can make sharp cracks as its ice expands or contracts with a change in temperature. Those lines can stretch far across the surface. The curling outline of the imagined lindworm gives you a second kind of line to follow.
