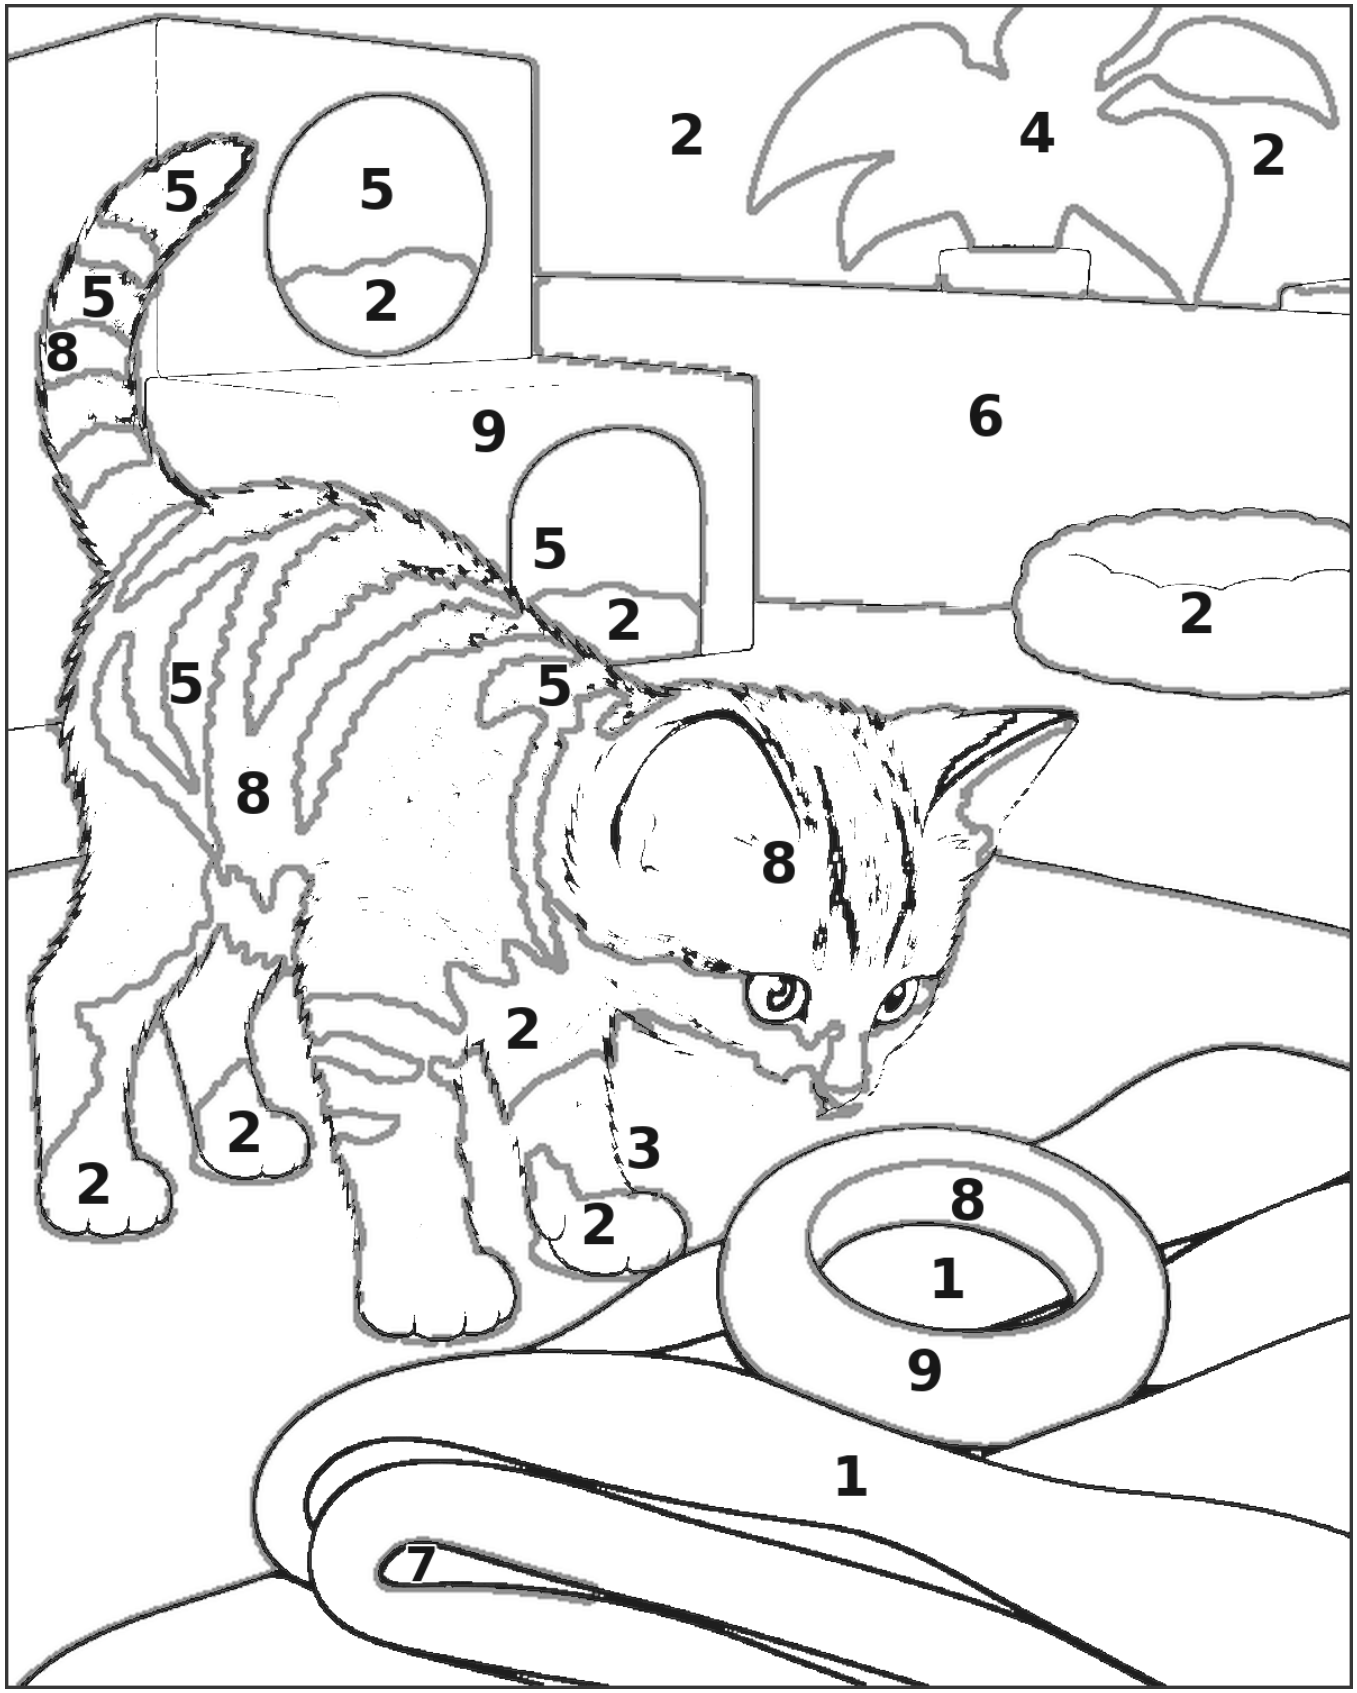
Shelter Kitten

Can you say hello to a cat without a sound?



1 Teal
2 Cream
3 Mauve
4 Olive
5 Walnut
6 Apricot
7 Ink blue
8 Copper
9 Gold

Did you know? Try a gentle slow blink from a comfortable distance. In one study, cats narrowed their eyes more often when a person slow-blinked at them. Then give the cat space to decide whether to come closer.
