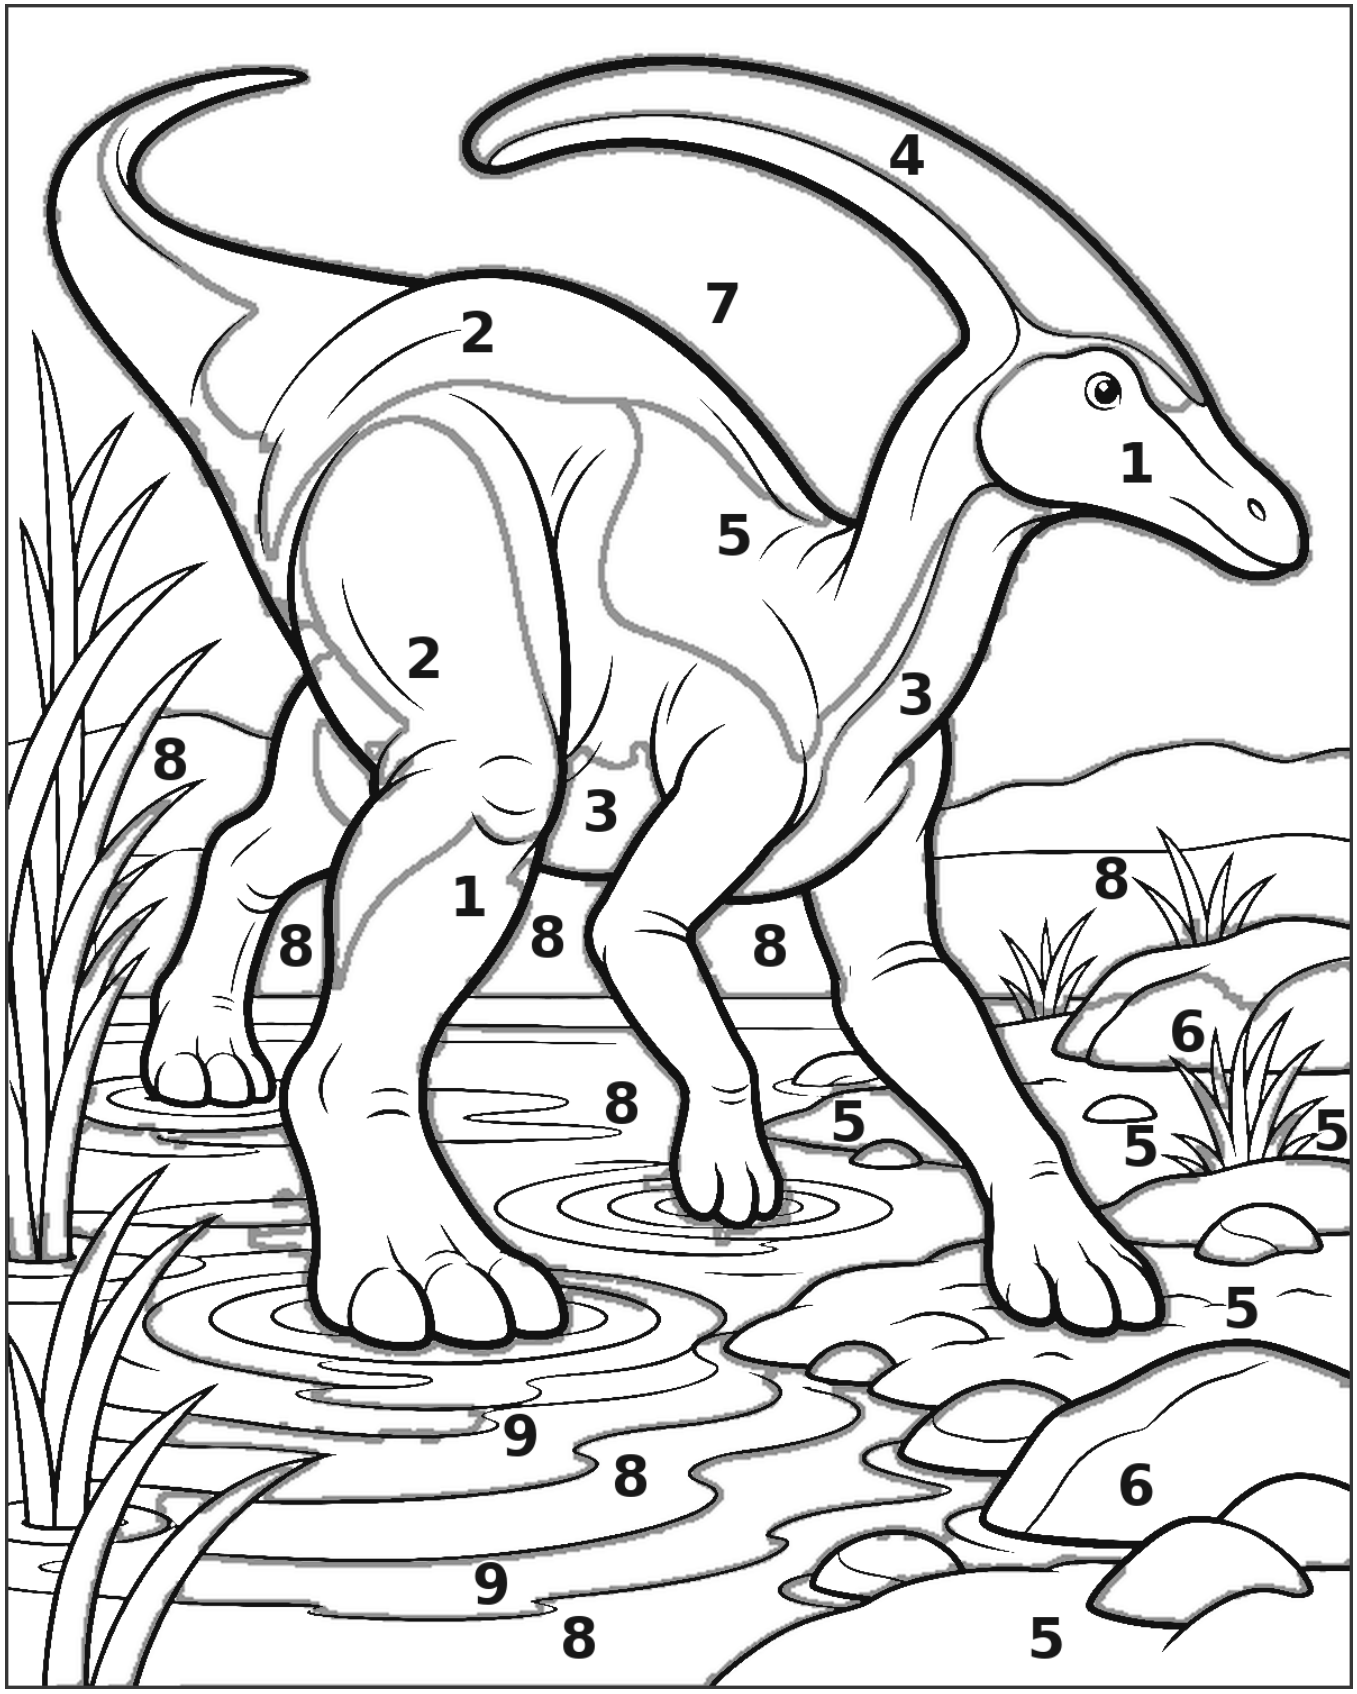
Parasaurolophus

Was the long crest a built-in musical instrument?



1 Emerald
2 Leaf green
3 Pistachio
4 Vermilion
5 Clay
6 Slate
7 Sky blue
8 River blue
9 Mint

Did you know? Air passages curled through the long crest. Scientists scanned a fossil skull and used a computer model to test what sound the tubes might make. The model produced a low tone, a clue to how Parasaurolophus may have called.
