Snowy Owl

How does a snowy owl keep warm on the tundra?

1 Snow	**2 Lagoon**	**3 Periwinkle**
4 Dusk	**5 Cocoa**	**6 Plum**
7 Mauve	**8 Sky**	**9 Lilac**

Did you know? Thick feathers trap a layer of warm air near the owl's body. Feathers even cover its legs and feet, giving it a coat that reaches almost to the tips of its toes.
