Sea Otter

Why might a sea otter carry a stone?

1 Ink blue	**2 Cocoa**	**3 Moss**
4 Butter	**5 Lagoon**	**6 Rust**
7 Walnut	**8 Olive**	**9 Honey**

Did you know? A sea otter can use a stone as a tool to break a hard shell. It often floats on its back while it eats, holding food on its belly and using its front paws to steady it.
